

Appln. No. 10/566,584  
Response dated November 20, 2009  
Reply to Office action of October 20, 2009

# **AMENDMENTS TO THE DRAWINGS**

Please replace the current sheets with the attached sheets for Figs. 1-2 in the present application. No new matter has been added.

**REMARKS**

The Office Action has been considered. Favorable reconsideration of the drawing requirement is respectfully requested.

The Examiner required that Applicant submit replacement drawings within two months of the Office Action, because the drawings as originally filed were deemed not of sufficient quality to permit examination. Applicant is submitting herewith new drawings which are readable. No new matter is added.

Applicant is not addressing the substantive rejections in this paper, as a response will be filed in due course in accordance with the three-month non-statutory deadline set in the Office Action for response. This paper is not, nor is it intended to be, a complete response to the Office Action, only to the drawing requirement set forth therein.

In view of the above amendment and remarks, Applicant respectfully requests reconsideration and withdrawal of drawing objection of record. If the Examiner has any questions, he is invited to contact the undersigned at 202-628-5197.

Respectfully submitted,
